

For Immediate Release

**Codian Receives *INTERNET TELEPHONY*[®] Magazine's
2006 Product of the Year Award**

***Codian MCU 4500 Series HD Video Conferencing Bridge
Family Recognized for Outstanding Innovation***

LONDON, UK — February 8, 2007 — Codian, a leading manufacturer of video conferencing infrastructure products, announced today that Technology Marketing Corporation's (TMC[®]) *INTERNET TELEPHONY* magazine (www.itmag.com) has named the company's MCU 4500 series High Definition video conferencing bridge as a recipient of a 2006 Product of the Year Award. *INTERNET TELEPHONY* has been the VoIP Authority Since 1998[™].

The Codian MCU 4500 series is the first and only multipoint bridge family that delivers true HD performance with continuous presence and interoperability with a mix of HD and Standard Definition endpoints. Its combination of unparalleled power, flexibility and intuitive operation make it unique among all video conferencing solutions.

"We believe that video conferencing should be a major enabler of global collaboration", said William MacDonald, Codian's General Manager for The Americas. "Our revolutionary approach to HD video conferencing delivers unprecedented visual clarity with the ability to communicate across any mix of endpoints. With the Codian MCU 4500 series, HD users never have to compromise video quality, regardless of the composition of their conference."

Mr. MacDonald continued: "Codian is always anticipating the next generation of video technology. To that end, our MCU 4500 series is ready to support the capabilities of tomorrow's HD endpoints such as increased frame rates and even higher resolution. Our team is extremely well connected with our customer base which enables us to understand real world video conferencing conditions and the requirements of some of the most challenging applications."

"*INTERNET TELEPHONY* is proud to bestow Codian with a 2006 Product of the Year Award. Each year *INTERNET TELEPHONY* magazine recognizes companies that have demonstrated excellence in technological advancement and application refinements," said Rich Tehrani, TMC President and Editor-in-Chief of *INTERNET TELEPHONY* magazine. "Codian has proven they are committed to quality and excellence while addressing real needs in the marketplace. We're proud to honor their hard work and accomplishments and look forward to more innovative solutions from them in the future."

A full list of Product of the Year winners will be published in the February 2007 issue of *INTERNET TELEPHONY* magazine. (www.itmag.com)
